The American upper class is a social group within the United States consisting of people who have the highest social rank, primarily due to the use of their wealth to achieve social status. These criteria differ from those of the traditional "upper class" in Britain and Europe which favor landed gentry and aristocracy (although such class distinctions have been deteriorating in recent times).

Income inequality in the United States is the extent to which income is distributed in an uneven manner among the American population. The inequality has increased significantly since the 1970s after several decades of stability, meaning the share of the nation's income received by higher income households has increased. This trend is evident with income measured both before taxes (market ...
